Ruling #1591, dtd. 10/13/69
DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby deny the same, subject to the following limitations and conditions: on the grounds that any time that waters of the Little Humboldt River or its tributaries are to be available and used for irrigation, the State Engineer has the authority to open the irrigating season. Once the irrigating season has been opened, under the terms of Decree No. 3157, there is no surplus or unappropriated water for irrigation.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed cubic feet per second.

Actual construction work shall begin on or before
Proof of commencement of work shall be filed before
Work must be prosecuted with reasonable diligence and be completed on or before
Proof of completion of work shall be filed before
Application of water to beneficial use shall be made on or before
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
